Oyen is Assured Of a Town Hall

Business Men Have Raised \$3500—Location Undecided—Community Center.

The Oyen business men have so far raised \$3500 to be used in the construction of a public hall; the committee have two sites under consideration but will not give their decision until the next business meeting.

Ever since Oyen was founded one of the chief needs was that of a public hall, so the business men decided the need must be filled. As soon as the site is chosen, the erection of the hall will take place. It is to be a one-story building. Allowing for the entrance and stage, the auditorium will be 30 x 60 feet.

The hall will be the community center; public meetings will be held therein as well as lodge meetings, concerts, shows, in fact, all kinds of attractions.

Save Home on Last Leave

Charles Savage, who enlisted in the cycle corps six weeks ago at Medicine Hat, is home from Sarcee camp, Calgary. He is visiting his mother on their farm south of town and will be there two weeks as this is the last leave to be granted to the members of the cycle corps before departure for England. William McAtte and Donald Brown also joined this unit.

Oyen's Youngest Subscriber

Elmer Dial, age thirteen, local newsboy, and who was selling papers in Oyen before the Oyen News was established in February, 1914, is the youngest subscriber on the list. He has raised stock and it will not be long until the newspaper business will be given up so that all of his free time outside of his school hours may be devoted to stock raising. Elmer often comes in and recalls the days when the first press used in the office was broken and it was necessary to send the forms to neighboring office to get the paper printed, so that the subscribers would not be disappointed.

Business Men Turn Down Major Chautauque Contract

Miss Dorothy Robertson, the representative for the Ellison-White Indoor Chautauque Company, with Canadian headquarters in Calgary, said, "It is my first failure to place the chautauque in any town I have been in for the last two months." After her contract was turned down at a meeting of business men at Mayor J. Howard Alexander's office last Friday afternoon.

Miss Robertson was successful in placing the high class entertainment offered by the Ellison-White Company in Hamper and Youngstown. The company wished to put on a three days program with six different performances but the amount guaranteed was between five and six hundred dollars and the profits, if any, would be small, which would be devoted to the Red Cross or Patriotic Funds. It was decided that the sum above the amount of guarantee would not be worth the trouble.

List of Prize Winners Not Published Today

It was announced last week that the list of prize winners at the Oyen Fair would be published this week but a complete list cannot be secured until the final meeting of judges, which will be after The Oyen News goes to press.

Corp. Reg Owens Will Likely Be Invalided Home

Corp. Reg Owens, a brother of Walter and Arthur Owens who enlisted in the Third Canadian Mounted Rifles shortly after the beginning of the war, is at present in an hospital in England.

Corp. Owens was wounded in the head, left arm and right thigh, being unconscious for three days. He wrote a letter in July for the first time after being injured. From the context of the letter, he will be invalided to Canada as soon as his condition permits.

Conner Will Wrestle In Aid of Red Cross

Major Conner, the local wrestler, will give an exhibition at the Peterson Motor Company's gymnasium on August 24th.

Immediately following the wrestling a dance will be given until one o'clock the following morning. The total receipts will be devoted to the noble work of the Red Cross, which is doing all possible to alleviate the suffering of the soldiers.

Miller--Peterson

A charming wedding was solemnized at the home of Mr. and Mrs. W. H. Peterson, on last Thursday evening, August 16th, at eight o'clock, when their daughter, Eva Irene became the wife of Stuart Anderson Miller. The bride wore a beautiful white gown trimmed with white crepe de chene and carried pink roses. To the strains of the wedding march, the couple, unattended took their places before a neat-decorated background, where the ceremony was performed by the Rev. Mrs. Simpson, of Corral, Alberta. The presence of many relatives and friends. A buffet luncheon was served. Mr. and Mrs. S. A. Miller left the following morning for Calgary later they will go to Banff to spend a few days in the Canadian Rockies.

Miss Peterson came to Oyen three years ago with her parents from Brock, Saskatchewan.

Mr. Miller was at one time connected with the McKeown Store at Kildersley. He purchased the King & Irving Store here about three years ago and later bought the stock of Scott & Co.

The out-of-town guests were the groom's mother Mrs. Miller, and Miss, Ethel, of Locknoll, Ontario; his sister, Miss Elizabeth Miller, of Edmonton, and Mr. and Mrs. J. R. Miller, Chinook. Alexander Corrie and Master Donald Hoskins, of Oyen, were the only local friends present, also Mrs. May Locks and Clarence Peterson, of Oyen.

Men's Suits \$25

We all know that Suits have advanced in price along with other articles of clothing. This has been caused then the scarcity of skilled labor and dyes and the enormous increase in the price of raw wool. Suits of low price are rarely dependable, being made of shoddy and percentage cloths.

We are now showing a range of suits marked at \$25 which are worth up to \$30. They will compare favorably with many suits sold at higher prices. Remember the styles and suits are now and the price is

\$25.

WINSTON SPENCER CHURCHILL ON WAR AIMS

Great Britain Is The Centre Of A Mighty League Of Nations

And If She Should Break All Of The Allied Powers Must

Go With Her To Defeat

"The commonwealth of people should continue to carry forward the crusade in which they are engaged to the point where no autocratic, despotic government remains," Winston Spencer Churchill, recently appointed minister of munitions, is speaking to his constituents at Dundee.

"Henceforth," he continued, "it must not be true that in any part of the world a governmental body of people, but, on the contrary, everywhere the people must control their fortune and their fate. The hateful system of military autocratic tyranny must cease."

"If this war does not end in victory, if it ends in a stalemate, peace, it will leave Germany stronger and more powerful than before. It will leave Germany stronger and more powerful than before. It will leave Germany stronger and more powerful than before."

"We have no alternative but to continue the struggle to the end. We have no alternative but to continue the struggle to the end. We have no alternative but to continue the struggle to the end."

"The victory we have won is a victory of the people. The victory we have won is a victory of the people. The victory we have won is a victory of the people."

England Has Potatoes

3,000,000 Acres Under Cultivation

Make Good Use of Self-Produced

The following special cable from London arrives in the Sun:

Rhodes is better supplied with food than any of the countries of Europe, and the government is now making use of the potatoes in the advantageous position is maintained during the coming year.

The immense food production of the country is now coming into the market. The government has suspended the regulations requiring that potatoes be not be stored more than one day without being used. They are freely used.

Notwithstanding this fact, the board of agriculture has issued an impressive statement to the farmers declaring that the absolute necessity exists for adding a great area to the cultivated acreage for 1918. Arrangements will be made to survey lands now used as pastures, which will be ploughed up for the purpose of the government.

The farmers are required to accept the regulations laid down for them by the government or compulsion will be used to see that they do so. The spectacle is thus brought in front of the country, that the farmers exactly what they must do, and compelling them to do so in the direction. An acreage of 3,000,000 acres must be made to make England self-sufficient in potatoes.

Bill and Dan

Talk Seriously

"Bill, explain," growled Ed Upthynne

and Dan, "how much does it cost to make a

good man?"

"Well, it costs a lot," said Dan, "but it costs a lot more to make a bad man."

SUBMARINE CAMPAIGN FAILS TO

DISRUPT COMMERCE OF ALLIES

No Failing Off Is Shown In The Use Of Ports By Neutral Or

Allied Shipping, And Enemy Is Realizing Impotency Of

Strong Arm On Which Their Faith Was Pinned

The naval correspondence of The London Times, which has been a constant reminder of the situation and assuredly no improvement in it, perhaps not to be wondered that it should be growing dissatisfaction in Germany at the results of the submarine campaign.

The hopes awakened by the high results of April were not fulfilled. It is due, no doubt, to this state of things and for the purpose of encouraging German public opinion that German leaders obtained and used to hearten the public with the story of the successes of Grand Admiral Tirpitz.

"It is not so much the fact that the submarine has a little more success than it has, but the fact that it has not performed its duty," must be doubtful. The submarine has been used to have no more faith in the naval power, while the originator of the submarine war who has to make more time yet, must know that time is passing.

"Commerce has been well maintained. There is no material falling off in the traffic returns of the allies of all allied neutral nations."

THE OYEN NEWS

OYEN, ALBERTA.

Wednesday, August 22d.

Oyen Will Continue to Grow.

Plans are under way for a town hall and as soon as the site is secured the building will be used for all public meetings. The revenue from other attractions after the usual running expenses are deducted, will be applied on the debt.

Since Oyen is to have a hall, the difficulty of getting a motion picture show, will not be as great as heretofore. Theatre men, who have looked the situation over, have said that the only drawback in establishing a picture show here, was that there was not a suitable building.

As soon as plans are completed and grounds chosen, the new school building will be under construction. This will be a drawing card for the town as also would a large municipal hospital.

With a little effort a court house might be secured as The Oyen News understand the department of public works own several lots, which might be obtained for court house purposes.

At the present time there are not any experimental farms or agricultural schools on this line of the Canadian Northern, east from Calgary. Many reasons why one or both of these institutions should be located at this point can be given by the local Board of Trade.

Intoxicating Habit Of Returning Goods.

Commercial Economy Boards have found that on the average, each department and mail order house expends yearly, \$50,000, for the "Money refunded if the goods are not satisfactory" service. The boards have asked that this service be discontinued during the Great European War when every nation is putting on the "Don't waste" campaign.

The house merchants will not suffer from this proposed measure and, consequently, if this request is complied with, more and better goods will be bought at home.

Canada And United States.

Russia is on rations. A wheat embargo exists in Argentina, Australia, New Zealand, and India are out of reach of Great Britain because of the shortage of ships. It has fallen to the lot of United States and Canada to beat the German blockade and feed Great Britain, the allies and the armies in the field.

"The children of Belgium are crying for food. Serbia has been over-run by the enemy. Much of Roumania is occupied. Ten nations of the world are on rations. Sixty million men are withdrawn from production for war service. To feed the Allied armies and nations, the men and women of Canada must pledge themselves to maximum production, the elimination of waste, and the largest possible consumption of perishable foodstuffs," says W. J. Hanna, Canadian Food Controller.

The foods called for by Great Britain and the allies from Canada and the United States are beef bacon and wheat. These are the export staples.

The American crop report is reported favorable from a majority of the big surplus producing states.

Nothing to Waste

Britain and her Allies need 100,000,000 bushels of wheat more than there is available for export from the two countries to whom they look for supplies. Canada and the United States—according to a statement by Hon. W. J. Hanna, Canada's Food Controller, and this is calculated on the decreased consumption already practiced in Great Britain. To make up this shortage, the people of Canada and United States are organizing to substitute other foods and reduce consumption of flour foods by one-sixth. Household scientists say it can be done without loss of health or comfort.

Miss M. Hess Being Taken To Provincial Sanitarium

Miss Marion Hess, the twenty year old daughter of T. C. Hess, of Oyen, was brought before J. Robinson, J.P., yesterday afternoon, and it was found necessary to send the young woman to the provincial sanitarium at Ponoka, Alberta.

Miss Hess has been acting strangely of late and R. Whaler, M.D., of Alaskan, was called. The doctor decided that the girl should be sent to the sanitarium, and later, possibly to undergo an operation.

Con. R. Stuehbery, T. C. Hess and Miss Ellen Hess left this morning for Ponoka with the patient.

Lake Near Alaskan Offers Ocean Pleasures

Perfectly dry, the province, and also the majority of bathing suits worn by the women at Alaskan Beach. The men also enjoy the aquatic pleasures, while their feminine friends prefer to be beneath an attractive umbrella or to walk upon the pier. The reason that the women do not take to the water is that this beach is trying to surpass the fashions set by Atlanta City or Long Beach.

Many shade trees border the lake on the south side beneath the bluff and often picnic parties are held there on holidays. A motor launch is on the lake, which may be hired at a slight cost. In the pavilion is a refreshment booth. Two dressing rooms are open to visitors. The only things that are lacking is a hydroplane and a submarine.

Below is a road-guide from Alaskan to the Beach: Leave Royal Hotel headed east, Turn South 1st R.H. Xiag, Turn East 1st Road (200yds),

Go East one mile, South one mile, East one mile, South two miles, East one mile, South three miles, East one mile, South half mile, and jog East 40 yards turning South-East between house and barn then East on South side of house one half mile to near West side of Lake. Follow trail South and East round West end of lake, turn up hill to East on south side of lake. On the flat on top of first hill See stakes and turn sharp to left down the hill, following stumps and white cloth markings on bushes to Beach.

OilPull Means This

FUEL at one-half the price means lower operating costs, smaller upkeep expenses and bigger profits.

Bear in mind that the OilPull is the only tractor that will successfully burn kerosene and cheaper oil fuels at all loads, under all conditions—all the time.

The OilPull, through deep plowing and thorough soil working, is increasing crops for a great many Idaho owners—in some cases doubling them. Burning kerosene, the OilPull adds this increase to your bank account at the lower possible cost.

A more dependable tractor than the OilPull can't be bought and you will find it able to take care of all your power jobs, whether draw-bar or belt. Two sizes, 15-30 and 30-60 horsepower.
